

Connect Minor Chords: Lesson 1

By Christopher Schlegel

In these next lessons we are going to use notes from the A minor scale to get back and forth between three chords: A minor, D minor and E minor.

In this lesson, we are looking at the notes of the A minor scale. These are the notes we are going to use to "walk up and down" between the chords of the exercise. Take you time to learn these new notes slowly and properly.
