

Summary of Knowledge and Skills GF 2 Chapter 7

By Christopher Schlegel

Having viewed the lessons in this chapter on Practicing Scales - Major and Minor, you should have a basic understanding of the following things:

How and why to practice major and minor scales.

How and why to use a metronome in order to effectively practice major and minor scales.

How to practice the C major and C minor scale.

How to practice and play major and minor scales in four basic sequences: up and down, in 3's, in 4's and pedal point.

You can always return to these lessons at any time in the future as long as you are a Guitar Tricks subscriber. They are always here for your reference and convenience.

If you think you have a good understanding of these things, then you are ready for the next chapter of the Guitar Fundamentals 2 Course!
